

A Simple Markdown Document

true

2015/09/09

Overview

This is a simple example demonstrating the use of external figures, tables, and formulas in a Markdown document.

There are actually multiple Markdown standards in common use. In addition to the [main standard](#), there are also [extensions](#) to the standard from [Github](#), [Pandoc](#), etc. Here, we will make use of some of the extended table support in the Pandoc markdown extension.

Table Example

Table 1: Subset of the Iris dataset.

	Sepal.Length	Sepal.Width	Petal.Length	Petal.Width	Species
1	5.1	3.5	1.4	0.2	setosa
2	4.9	3.0	1.4	0.2	setosa
3	4.7	3.2	1.3	0.2	setosa
50	5.0	3.3	1.4	0.2	setosa
51	7.0	3.2	4.7	1.4	versicolor
52	6.4	3.2	4.5	1.5	versicolor
53	6.9	3.1	4.9	1.5	versicolor
100	5.7	2.8	4.1	1.3	versicolor
101	6.3	3.3	6.0	2.5	virginica
102	5.8	2.7	5.1	1.9	virginica
103	7.1	3.0	5.9	2.1	virginica
104	6.3	2.9	5.6	1.8	virginica

For more examples of table styles supported by Pandoc Markdown, see the [Pandoc Documentation](#).
